

Vehicle Restrictions

- Jaguar, Saturn, and Sterling autos with automatic transmissions must show a "1" or "L" or "S" on the shifter to be allowed on the Auto Road. Transmissions showing an "S" must demonstrate that this shifter will allow the transmission to be locked into 1st gear.
- Model year 2009 and earlier Honda and Acura vehicles must meet the same requirements as described above.
- Model year 2010 and later Honda and Acura vehicles are all allowed regardless of transmission type.
- No trailers, RVs, or Motorhomes.
- No mopeds or scooters.
- No dual-wheeled vehicles.
- ATVs or UTVs are allowed on set days.
- No bicycles.

VEHICLE SIZE RESTRICTIONS

The size restrictions below are strict limits. The Toll House attendants at the base of the Road will measure any vehicles that they suspect may exceed the restrictions.

- Maximum wheelbase on any vehicle: 176 inches (447 cm) (This excludes many limousines).
- Maximum width on any vehicle: 93 inches (236 cm) including mirrors (mirrors may be folded in to achieve this width).
- No pickups with permanent additions that extend wider than the cab (campers, rack bodies, or very wide mirrors).

WEIGHT LIMITS

The weight limits below refer to passenger and luggage weight, not the weight of your vehicle. These are approximate numbers used as guidelines.

- Full-size car or wagon: 1,200lbs (544kg)
- All minivans: 1,200lbs (544kg)
- ½ ton van, pickup, or SUV: 1,400lbs (635kg)
- ¾ ton or 1 ton van or pickup: 1,800lbs (817kg)
